Dear Sir/Madam,

I am an existing ebay seller and occasional buyer. At present I avoid PayPal because it is not the preferred option by most of my buyers and it imposes unreasonable fees for the service it provides.

I strongly object to the imposition of ebay's own payment system, PayPal, (exclusively) on all sellers. To me it is blatantly obvious that this is a monopolistic move, so I'm sure I don't need to elaborate.

regards,  
DG
