As you are aware, on 10 April 2008, eBay announced that:

- as of 21 May 2008, all items listed for sale on eBay.com.au must offer PayPal as one of the payment methods; and
- as of 17 June 2008, all items listed for sale must only offer payment via PayPal (or credit card transactions processed by PayPal) or cash on delivery.

I strongly object to this announcement, as i believe it is simply unfair to buyers and seller alike on the ebay auction site. I could go on and on with reason to back up my beliefs, but i can say with utmost certainty that you will have received, and will continue to receive many other complaints of similar nature so i will not waste any more of your time with points you will already be aware of! this email is simple to voice and add my objection to the number of disgruntled ebay users who all disagree with ebays new policy!

kind regards,
