

FILE NOTE			
Matter name:	eBay International AG exclusive dealing notification N93365		
ACCC parties	Shane Chisholm		
Other parties	Dennis		
		Date	18/04/2008

Dennis called to provide an oral submission regarding this matter.

Dennis submits that most sellers offer PayPal and some have offered discounts if PayPal is not used by the buyer, and the notified conduct will remove this bargain as sellers will have to include PayPal charges.

Dennis considers that the Cash on Pickup option is irrelevant as most people are not willing to travel to pickup their purchases, even those in the same region.

Dennis also considers that the PayPal fees for sellers when buyers use credit card is higher than the fees paid by merchants when using credit card facilities directly.

Dennis advised that there are also fees for dispute resolution through PayPal and these are charged per item, rather than per dispute. Dennis purchased two items at the same time from a seller in Queensland, and was charged \$25 per item to resolve the dispute, even though it was with the same seller.

Dennis submitted that the notified conduct is a money grab by eBay and the reasons put forward are not good enough to justify introducing the conduct.
