As a very small time seller on Ebay I wish to lodge a complaint regarding the imposition of new payment options being initiated by Ebay to make the use of Paypal the only option for receiving or paying money for items auctioned with Ebay, it seems that they will be taking an unfair cut of the postage cost as well as the cost of the item being sold or purchased. I believe they are going to become a monopoly if they are allowed to get away with this unnecessary change to the way customers have to pay for the items that they buy or sell. Flex you muscles and show them that they can't ride rough shod over us AUSSIES!!!! Disgruntled Ebay Member (possibly ex member)Pauline
