I want to voice my complaint about EBAY.COM.Au forcing its users to use paypal money transfere (which ebay own).

I am sure if MYER stores only accepted Myer cards,you people would come down on them as unfair trading.

I understand you people should be given more power by our government as you are spose to be the watchdog looking after us.The latest fuel price answer shows just how little power you have.

Seems to me we have a watchdog with NO BARK , NO BITE & NO BALLS.

Please do something to stop this blatant money grab by ebay.
