Hi

I'm only a small cog in the big wheel at Ebay but I've been a member of Ebay since 2002. Over this time I have bought and sold numerous items (mainly bought) and have a feed back rating of 214 with 100% positive. Have received 352 feedback all positive.

I feel that the new changes will disadvantage me as I mainly pay with direct deposit. I've never had any problems with this type of transaction in all my dealings and have found it to be quite safe.

You've probably heard this quite a bit in the last week or so but I'd like to register my concerns with the move of restricting payments to only two options. Paypal or pickup.

The spiel of being safer just doesn't wash with me as like I said before have had no problems at all with direct deposit.

Awaiting your reply
