Subject: Addendum to submission re eBay International AG - Notification - N93365

I realise that submissions closed on 2nd May 2008, however if possible I wish to submit an addendum to my previous submission.

eBay International AG's User Agreement

(<http://pages.ebay.com.au/help/policies/user-agreement.html>) states that "eBay is not involved in the actual transaction between buyers and sellers" and that "eBay is not involved with or a party to any transactions that take place between members".

If eBay is not a party to any transactions and transactions are between individual members, then would not each individual eBay member in Australia be required to submit a Notification of exclusive dealing in order to require any other eBay member to make or receive a payment through a single payment system?

Yours sincerely
David Bromage
