Dear Lauren,

The proposed changes by eBay International will completely compromise my trading ability on the auction site. It will result in my leaving eBay as I cannot pay the hefty increase in fees. I will be leaving eBay because the last time I checked, I live in a democratic country called Australia, where the right to choose is a fundamental right! I will be leaving eBay because I will no longer have choice.

As a direct result, I will no longer be using Australia Post Express Post service or Money Order facility. As a direct result I will no longer be using direct deposit or internet banking with my primary bank. As a direct result I will no longer be able to provide the extra money to pay the rent and keep my family housed unless we go without food.

eBay has stated "Paypal" or nothing. Well in this case, it will be nothing.

I can only pray that the ACCC will, for once, act on behalf of the people of this country, not some multinational international juggernaut.

Sincerely,

Maggie Thomas
