Dear Sir/Madam
Please treat this email as a public submission

I wish to lodge my protest at Ebay Australia's proposal to force payments for goods through their own company Paypal.

I believe Ebay Australia's proposal to be anti-competitive and aimed at reducing or preventing my rights as a consumer to choose what form of payment I make.

Comments from ebay that promote Paypal as a safer alternative to credit cards or bank transfer are not supported by anecdotal evidence of large scale holes in Paypal security. As a consumer I have a right to choose whether or not I want to risk using Paypal or not.

I urge you (the ACCC) to use your power to prevent this move and preserve the current environment of choice.

Regards
Shannon Morrell
