**Subject:** Objection to Ebays Policy To Enforce Paypal As The Only Method of Payment On Transactions

**Attention : Lauren Roy**

**I wish to make a submission to object to Ebay's proposal to enforce all payments on Ebay be made using Paypal.**

**As long term user of the Ebay auction site the majority of my customers prefer to pay by direct deposit or money order. I believe that if Ebay is permitted to implement its policy it will restrict buyers ability to choose payment options and this will impact on users who make minimal purchases there for reducing competition. The reasons indicated by Ebay as to why they are enforcing this policy is at best laughable and profit driven.**

**It is in the best interest all Australians that the ACCC reject Ebays request and insurers that all Australians are given a freedom of choice as to how they pay for the purchase of goods and services.**
