Hi i would like to complain about Paypal bringing in, all items listed for sale must only offer payment via PayPal.. i believe its wrong and there trying to Monopolize the payment method to get more money for them self's... cause paypal have a 2.5% fee for sellers to accept payment from buyers... so i would like them stoped and we the ebay members should the the choice to pay anyway we want either via paypal, band deposit, bank deposit express, money order, cash or cheque..
