Subject: eBay's lack of fair trade and choice

Hi There,

I am just an ordinary grandmother and an Australian citizen.

I wish to complain and ask the ACCC to stop eBay from forcing us to use PayPal ONLY to pay for auctions.

In my opinion by doing this eBay are not trading fairly or giving me a choice.

I use internet banking to pay most of my bills as it is one of the choices most companies give for payment, either by direct transfer or BPay.

I have been buying off eBay for over 12 months as I am agoraphobic, I do not and will not use a third person to pay for my items.

So please don't let them do it.
