**Subject:** eBay Payment Changes

**As you are aware, eBay Australia intends to change its payment arrangements from 17 June 2008.**

**At present sellers and buyers of items on eBay have a choice of several types of payment including, bank deposit, cheque, money order, cash, COD, Paymate and Paypal.**

**From 17 June eBay insists that Paypal will be the only form of payment available. As eBay owns Paypal it would appear that eBay is restricting any form of competition and lining its own pockets with more money. This is an entirely unethical practice and must not be allowed.**
