To Whom it may concern,
my name is Toulia Giagtzis and I have been an Ebay seller for 4 years since July 2004.
I have a Store and have been trading according to all of Ebays rules and regulations.
A year ago I had the foresight to develop my own website, and as things are heading I'm glad I did, because I would be out of business now.
I refuse to be told there is only one road to follow. Whatever happened to free choice, last time I looked we lived in a democratic society, did that change in my sleep??
I believe that Ebay is becoming more and more greedy.
Apart from implementing this new 'security measure', they also increase their profits.
Do they think we are stupid?
I have made the decision to trade until these measures are enforced, then I will stop selling and cancel my membership.
If you need to contact me please do so .
Me ebay id is jewelledtreasurechest_et, and my store is called JTC BEADS.
I will support any action that will be taken against Ebay.
