Matter name:	eBay International AG exclusive dealing notification N93365		
ACCC parties	Lauren Roy		
Other parties	Mark		
		Date	29/04/2008

Mark called to provide an oral submission regarding this matter. Mark's full-time job is as a seller on eBay.

Mark submits that some of his customers have already contacted him to inform they will no longer be purchasing from him because they don't support eBay's policy of requiring users to conduct transactions through PayPal.

Mark notes that 70 % of his customers use PayPal to make payments, so he is concerned with the 30 percent of customers who do use other methods.

Mark submits that he doesn't have an issue with eBay 'double dipping'; his concern is that they are telling him how to accept payment for his merchandise. Mark notes that eBay and PayPal will allow him to pay fees via cheque, money order and other methods but they won't let him accept these payment methods from buyers.

Mark is concerned as an Australian that an overseas company can take away 30 per cent of his business.
