Subject: submission opposing eBay International AG's intended restriction of acceptable payment methods

Dear Sir / Madam,

Please accept my submission opposing eBay International AG's intended restriction of acceptable

payment methods. The move to having Paypal (also owned by eBay) as the ONLY means of payment offered by

eBay sellers is monopolistic, un-Australian, anti-choice and akin to a Westfield mall forcing the

proprietors of all stores therein to accept only a Westfield credit card as payment.

The "cash on pick up" option is not applicable given that most eBay transactions are conducted

on an interstate basis. Those in remote areas will also be placed at a disadvantage having even

less choice than others. There is no benefit to the eBay buyer by allowing this change. There are no benefits for eBay

sellers by allowing this change. The only entity that will benefit is eBay.

I offer Paypal as one of many methods of payment to my buyers because I believe they should be

afforded just that - a choice.

Sincerely yours,

Dinusha
