Dear Richard and Monica

Dairy Farmers Milk Co-operative Limited and Australian Co-operative Foods Limited application for authorisation

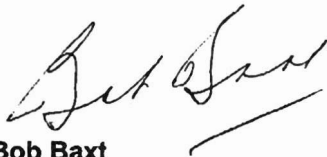

We refer to your letter of 28 May 2008 seeking comments from National Foods Limited (**National Foods**) in relation to an application for authorisation and interim authorisation by Dairy Farmers Milk Co-operative Limited and Australian Co-operative Foods Limited (**ACF**).

As you may be aware, National Foods is a party interested in the ongoing ACF sale process.

National Foods supports the grant of both interim and final authorisation sought in this matter. If ACF is sold, the proposed authorisation will allow for the continuation of existing milk supply arrangements, thereby providing greater certainty and reduced commercial disruption for all relevant parties.

Please feel free to contact us if you have any additional queries.

Yours sincerely
