Subject: Changes to ebay re: paypal only payments PLEASE CONTINUE OUR FIGHT FOR FREEDOM OF CHOICE!

To whom it may concern,

We wish to add our voices to those complaining about the proposed changes to ebay.

The choice of how to make a payment for items is important to us as buyers, and as small volume sellers we stand to lose customers who do not wish to use Paypal as well as money because of Paypal fees, because they charge us to get paid in the first place, and then again to transfer amounts of less than \$150 to our bank account. It also concerns us that Paypal is not a bank and that our earnings are not secured in a Paypal account.

The removal of payment choices both as a buyer on ebay and as a seller should not be dictated to us by ebay, and we very much appreciate the action taken on our behalf by the ACCC, and hope that by adding our voices to the dissent that we can continue to enjoy using ebay as we have for the past 6 years - by choosing how we pay for our purchases.

Kind regards,
Pia Kyre and Andrew Portelli
