Thanking you for the copy of the Draft to eBay in regard to the PayPal only issue.

I would like to go on record and congratulate the ACCC on the correct decision. As things stand today (13-06-08) eBay has NO intention of making any changes to the proposal and intends to go ahead with the June 17<sup>th</sup> deadline of making ALL sellers and buyers use the PayPal system. All the community boards at eBay are of the same mind. All enquiries made to eBay direct have come back as saying the changes will go ahead as planned.

This to me is eBay thumbing their noses at the ruling by the ACCC. As a seller with 659 positive feedback it is causing me and others like me to lose business and a lot of time not knowing if eBay will rescind the ORDER to make PayPal the only payment option.

I have already joined the OZTION site but there is as yet not enough business to keep me going. Most of ALL previous sales were to international buyers. Oztion is mostly an Australia only site.

PLEASE, I hope the ACCC stick to the ruling and revoke the Immunity that eBay have asked for.

Yours
