ACCC

I have read the eBay notification and their submissions to the ACCC about exclusive dealing. I have also read many submissions against the proposed conduct and the ACCC's draft notice of revocation.

I agree with the ACCC's draft notice as I believe eBay's proposed conduct would decrease competition and not have an overall public benefit.

I sell and buy on ebay and like to have a choice on how I pay and how I receive payment. I have never had any problem with paypal and am happy to use it but I am concerned by the amount of posts on ebays boards with paypals problems and their lack of an Australian base for handling complaints.

I am happy for this to be placed on the public register.
