I am a BUYER of Ebay and have read Ebay notification and their submission to ACCC about exclusive dealing. I have also read submission against the proposed conduct and ACCC draft notice of revocation.'

I agree with ACCC draft notice as I believe Ebays proposed conduct would decrease competition and not have an overall public benefit.

I am appauled that my FREEDOM OF CHOICE can be taken away from me by one company. As most people know Ebay and PayPal are owned by the same company this has to be monopolising this industry, something I thought was illegal?

I have no problem with you making my identity public as this is very important to me.
