**Subject:** Ebay

Dear Mr Samuels ... Ms Roy ... To whom it may concern,

I agree with the ACCC's draft notice as I believe eBay's proposed conduct re Paypal would decrease competition and not have an Overall public benefit. We should not be dictated too by ebay & they should not be able to have complete control with how individuals choose to pay for purchases.

I give permission for this email to be placed on the Public Register.

Kind Regards,  
D. Dawson.
