Subject: eBay/Paypal

To whom it may concern.

I wish to express my concern regarding recent changes being forced upon ebay sellers based in Australia. In particular the lack of competition in forcing sellers to use on the ebay owned Paypal rather than the many other similar serviced in the marketplace (the Aust. based Paymate for example). I am a long term ebay seller and feel that this action will effect my ability to run a business and force my hand to paying more fees to ebay Australia. It is clearly anti-competitive and should not be allowed in this country.

I have read the eBay notification and their submissions to the ACCC about exclusive dealing. I have also read many submissions against the proposed conduct and the ACCC's draft notice of revocation.

I agree with the ACCC's draft notice as I believe eBay's proposed conduct would decrease competition and not have an overall public benefit.

Please place this complaint on the public register (please remove the contact details)

Many Thanks,

Mark Thompson
