Dear Sir or Madam,

I am writing to inform you that I am in complete agreement with the ACCC intention to revoke eBay's application for immunity.

I gather that the enforced use of Paypal as the only option is 'stage 2'.

I would ask that the ACCC ensure that 'Stage 1' (the enforced use of Paypal on all eBay's members) is also revoked.

As I am sure you will be aware, eBay has been enforcing paypal on all new members since January 2007. Where initially a seller/buyer could state a preference of type/method of payment, this has now been forbidden.

EBay are in effect enforcing Paypal by stealth, not only with the above example but also by the deliberate 'misrepresentation' on the eBay website.

I look forward to the final decision.

Yours sincerely
Sarah Cooper.
