Subject: eBay International A.G. notification N93365

Dear Sir or Madam,

I write to you to comment on the Draft Notice, issued last June 12, in respect of the Notification N99365, lodged by eBay International AG.

- I fully agree with the Commission's views, as expressed in chapter 5 of the Draft Notice, and particularly in sections 5.175 to 5.178, in relation to the balance of public benefits and detriments
- I believe that:-
 - The Applicant's submissions have failed to prove the case that the proposed Notified Conduct will increase the security of eBay's market place
 - The submissions by many other interested parties have convincingly demonstrate the opposite argument, by using the evidence of data available in the public domain.
- I strongly recommend that the ACCC proceed with the proposal to issue a notice under Section 93 of the Act, in order to:-
 - Revoke the notification N93365
 - Prohibit the Applicant from implementing both Stage 1 and Stage 2 of the Notified Conduct.

Please feel free to use this e-mail as a public submission.

Yours Sincerely,

Enzo Prata
