To the ACCC,  
As a long time user of Ebay whereby I have always used money orders purchased from Australia Post for payments of items purchased on eBay auctions, I wish to lodge a submission concerning the recent exclusive dealing arrangement proposed by eBay International and I believe that Australian consumers should be entitled to choose what payment method is used for items purchased on eBay. I do not want to use PayPal for eBay purchases.

Please add my submission to this ACCC Notification N93365. Feel free to use my name if required.

Thanks,

Stuart Barty
