Dear Allan,

I refer to my previous email of 22 August 2008 (attached below) advising the Inner Sydney Waste Management Group of Councils (ISWMG) of the submissions received in response to the ACCC's consultation on application for authorisation A91096.

You may have noticed that, while all three submissions support the ISWMG's application, the Waste Contractors and Recyclers Association of NSW has made its support contingent upon several conditions being met.

Could you please indicate the ISWMG's position on these conditions as soon as possible?

Kind regards,

Jasmine Tan
