4. If particulars of a condition or of a reason of the type referred to in section 47 of the *Trade Practices Act 1974* have been reduced in whole or in part to writing, a copy of the writing is to be provided with the notice.
5. Describe the business or consumers likely to be affected by the conduct.
6. State an estimate of the highest number of persons with whom the entity giving the notice is likely to deal in the course of engaging in the conduct at any time during the next year.
7. Provide details of those public benefits claimed to result or to be likely to result from the proposed conduct including quantification of those benefits where possible.
8. Provide details of the market(s) likely to be affected by the notified conduct, in particular having regard to goods or services that may be substitutes for the good or service that is the subject matter of the notification.
9. Provide details of the detriments to the public which may result from the proposed conduct including quantification of those detriments where possible.

ANNEXURE A

1. The Western Australian Land Authority trading as LandCorp is established pursuant to the Western Australian Land Authority Act ("**LandCorp**").
2. The object of LandCorp's Act includes the provision of residential land in a range of localities to meet the social and economic needs of the State of Western Australia.
3. Kununurra is a regional town which is located approximately 3,200 kilometres north of Perth and features a population of approximately 6,000 people. The town of Kununurra is considered to be a gateway to the East Kimberley region and which includes intensive agricultural, mining and tourism industries.
4. LandCorp is currently developing Stages 5 & 5A of a residential estate in Kununurra known as Lakeside Park Estate. The lots available for sale to the public in these stages will comprise 37 single residential lots by private treaty. LandCorp will also be offering an additional 24 single residential lots and 2 multi-unit sites to various government departments and agencies in these stages as well as 3 grouped housing sites by public tender in approximately February 2010.
5. LandCorp is committed to keeping the entry-level base price of land, and where possible housing in the Lakeside Park Estate, as low and affordable as possible to encourage first home buyers and families to settle permanently in the region. In addition, LandCorp is committed to sustainable development and expects the provision of house and land packages will deliver housing acknowledging a high standard of environmental performance, an understanding of climate responsive design and solutions to address housing affordability as previously mentioned above.
6. In addition to the 37 single residential lots offered for sale, LandCorp proposes to sell 20 single residential lots in Stages 5 & 5A of the Lakeside Park Estate out of the 81 single residential lots currently available in these stages in which it proposes to offer to selected builders to construct residences.
7. LandCorp will appoint a panel of selected builders ("**Panel Builders**") to develop the 20 single residential lots identified by LandCorp (Item 6 above) in accordance with LandCorp's requirements via an expression of interest process targeted to 10 local Kununurra builders and developers and 3 Perth-based builders and which seeks their participation in a house and land marketing campaign in Stages 5 & 5A of the Lakeside Park Estate in Kununurra. The Panel Builders will be chosen on the basis of satisfying LandCorp's requirements in accordance with Item 5 above.

8. It is proposed that the Panel Builders will be able to market (in conjunction with LandCorp) "house and land packages" on these 20 single residential lots. It will be a condition of the sale of those lots by LandCorp that the purchaser enters into a building contract with the Panel Builder who has nominated the particular lot that the purchaser is interested in purchasing. Prime facie, this proposal may amount to third line forcing under the provisions of the Trade Practices Act.
9. It is considered that the likely benefit to the public from the proposed conduct will outweigh the likely detriment to the public from the proposed conduct in that the conduct will encourage the Panel Builders to design homes of a high standard and which meet detailed design guidelines and are priced to attract first home buyers.
10. It is considered that this proposal will not have the effect of substantially lessening competition in the market for residential land and/or building services in Kununurra or in the vicinity of the Lakeside Park Estate in that only twenty (20) lots will be sold as house and land packages and that 37 single residential lots in Stages 5 & 5A will be offered for sale by LandCorp to the public.
11. In addition to the 37 single residential lots available for sale by LandCorp in Stages 5 & 5A of the Lakeside Park Estate not the subject of the proposed sale of house and land package lots, LandCorp understands that there are also other 'rural living' lots currently available for purchase in Kununurra. Based upon information provided by LandCorp's selling agent (Elders Rural Services Australia Limited, Perth office) LandCorp understands that the Valentine Falls Estate in Kununurra has sold approximately 40 'rural living' lots with approximately another 32 such lots currently available for sale. LandCorp also understands that titles for these lots are expected to issue in approximately February 2010. In addition, LandCorp also understands that a further 36 'rural living' lots are expected to be released at a later stage within this estate, possibly in late 2010.
12. LandCorp has worked with a number of builders in Kununurra and will choose the Panel Builders for their product quality and form, ability to construct in a timely manner and price competitiveness.
13. LandCorp will not receive any fee, commission or other financial reward in relation to the building contracts to be entered into between the Panel Builders and buyers of the lots.
