ACCC

The United Speedway Association Inc (USA Inc) was formed about a year or so ago, it was formed by a group of people concerned about the way NASR Inc was running speedway in SA.

The USA in its first season of operation has gained 105 members, all of whom are dissatisfied with the fees and charges that have been imposed on them by NASR Inc for licences and registrations. The grass root competitor is annoyed with the fact that they have had fee increases to allow NASR to put the elite groups such as Sprintcars and Supersedans on TV, the majority of competitors don't and will never race in these categories and don't see why they should be paying for them as they represent a small percentage of speedway competitors.

The USA Inc feels that if NASR is given a monopoly on the issueing of licences etc then the fees will only go up, we at the USA feel that we can issue our own licence with the same level of Insurance as NASR for a lot less cost to the competitor, we are hoping and waiting for a favourable outcome from the ACCC.

Sincerely

Dennis Seery

Secretary USA Inc
