Hi John,

I apologise for the delay in responding to your email. I must admit that I thought that SAOGA and SAORC were going to have a meeting to discuss this with the growers. As this hasn't happened I just wanted to voice my concerns of the wording to increase the spat levy to \$1.50 per 1000. I would not support this without serious justification from SAOGA and SAORC that it was required. If the wording allowed for an increase if agreed by the oyster farmers that it was needed and justified that would be different.

I am sending a similar email to SAOGA as well so they understand my feelings.

Thanks

Linda Hank

Dear Madam/Sir

**South Australian Oyster Growers Association Inc – application for revocation and substitution of authorisations – revised supporting submission**

The South Australian Oyster Growers Association has lodged with the Australian Competition and Consumer Commission a revised submission supporting its application for re-authorisation of the oyster spat levy.

The Association has revised paragraph 6.2 of its submission, which lists projects to which the levy has been applied. In particular it has replaced the information at paragraphs 6.2.1 and 6.2.3.

Please find a copy of the revised submission attached.

Please contact me if you have any questions.
