Dear Mr Goh

**NWS Project authorisation applications - request for information to be excluded from the public register**

I refer to your email of 27 July 2010 providing a submission in response to the ACCC's Draft Determination on the above matter.

I have considered your request that part of your submission be excluded from the ACCC's public register.

As you would be aware, the ACCC is generally required under section 89 of the *Trade Practices Act 1974* to place documents provided to it in relation to an application for authorisation on its public register. The Act provides that a person submitting a document in relation to an authorisation application may request that the document or part of the document be excluded from the public register by reason of the sensitive nature of certain information contained in the document.

As a person authorised to make a decision for and on behalf of the ACCC in relation to such a request, I advise that the relevant part of your submission will not be placed on the public register.

This letter has been placed on the ACCC's public register.

I note that you also provided a public version of your submission. This version will be placed on the public register in the form it was provided to the ACCC.

Should you have any queries in relation to this matter, please do not hesitate to contact David Hatfield on 02 6243 1266.

Yours sincerely
