Subject: DP World Australia/Patrick - submission

Attachments: Minister for Transport; Disability Services submission 18.02.10.pdf

Dear Peter and Lydia,

Please find attached an additional interested party submission received by the ACCC concerning the substantive applications for authorisation lodged by DP World and Patrick (the Parties).

Minister for
Transport; Disabi...

The attached letter was originally received by the ACCC on 18 February 2010, prior to the date when the ACCC received the applications for authorisation from the Parties. The ACCC subsequently sought permission to treat this letter as a submission for the public register and that permission has now been granted.

At this stage, we are still expecting to receive a further interested party submission which will be provided to you as soon as possible.

As advised last week, you are invited to provide a response to the submissions from interested parties by 3 September 2010.

Are you able to confirm if a teleconference next week is possible?

Please do not hesitate to contact me should you have any queries.

Regards,

Gareth Jamieson
