Mr Baker, Managing Director of Adelaide Airport telephoned to provide an oral submission regarding this matter.

Mr Baker submitted that Adelaide Airport had no objection to BARA continuing with the current arrangements in respect of international airlines. Mr Baker further submitted that, given BARA does not represent all airlines (for example, BARA does not represent domestic airlines), there remains some duplication of price negotiations. Mr Baker submitted that it would be preferable that there was just one price negotiation, which included domestic airlines, whether that be through BARA or an alternate association.

Mr Baker was given the opportunity to review this document, which he has approved for the public register in its current form.
