PART 1: PRELIMINARY

1 Objectives and Scope of the Code

1.1 This Code creates a self-regulated industry scheme to enhance compliance with the existing Federal and State-based regulatory framework applying to the door to door marketing of energy to both residential and small business consumers. Not only does the Code seek to improve the compliance of Energy Retailers that subscribe to the Code, but also the Energy Marketing companies that often perform door to door sales on their behalf. EAL's membership comprises both Energy Retailers and Energy Marketers. The Code aims to:

- (1) promote consumer confidence in door to door sales in the energy industry;
- (2) provide consumers with a better overall experience in energy sales at the door;
- (3) improve the standards and effectiveness of door to door sales in the energy industry;
- (4) reduce the rate of Sales Complaints; and
- (5) discipline and/or remove "rogue" Sales Agents.

1.2 To achieve its Objectives, the Code details a scheme that standardises processes and procedures within the door to door retail energy industry to meet a set of EAL Standards by:

- (1) establishing a central register of Sales Agents that have been accredited under the scheme;
- (2) providing for a national scheme that ensures Sales Agents are recruited, trained and assessed in a consistent manner across the industry;
- (3) providing for a national scheme for the monitoring of door to door Sales Agents, where any proven breach of the EAL Standards may result in disciplinary measures and deregistration from the register for 5 years;
- (4) providing for a scheme which ensures that when a consumer complains about the conduct of a Sales Agent with the EAL Standards that these are handled in a consistent manner by Energy Retailers;
- (5) strengthening the regime of compliance to the Code ensuring that Members are consistently monitored independently through monthly reports and annual audits under the Code (which are in addition to the regulatory reporting obligations); and
- (6) imposing sanctions on Members that fail to comply with the requirements set out in the Code, noting that sanctions may also be imposed by the relevant energy regulator.

2 Commencement and Interpretation

2.1 Commencement

This Code commences six months after the date that authorisation is granted by the Australian Competition and Consumer Commission pursuant to section 88 of the *Competition and Consumer Act 2010* (Cth) in respect of this Code.

2.2 Definitions

Capitalised Words appearing in this Code have the meaning given to them in the Dictionary at the end, or defined in **bold** in the body, of this Code.

2.3 Inconsistency with laws

This Code applies to the extent that it is consistent with Applicable Laws. If this Code is inconsistent with any Applicable Law, that law will apply to the extent of the inconsistency.

2.4 EAL Procedures Guideline

This Code operates together with the EAL Procedures Guideline. The Procedures Guideline sets out the procedures, principles and processes that underpin the Code for registering and maintaining of Sales Agents on the EAL Register and recruiting, training and assessing Sales Agents.

2.5 Code Supplements Existing Regulatory Regime

This Code sits alongside the Applicable Laws that govern door to door sales across numerous Australian jurisdictions, including the Australian Consumer Law and in anticipation of the commencement of the national energy customer framework, and does not override a Member's obligations under these laws.

- (1) The roles of EAL, the Code Manager and the Code Panel relate to the administration and enforcement of the Code. These roles are separate from the role of applicable jurisdictional energy regulators in administering and enforcing Applicable Laws. The Sanctions that may be imposed under this Code are in addition to the sanctions that can be imposed by the relevant energy regulator or authority.
- (2) This Code operates separately to the applicable energy ombudsman schemes. The energy ombudsman is an independent dispute resolution body. Consumers can complain about the behaviour of a Sales Agent to either the relevant Energy Retailer in the first instance, or to the applicable energy ombudsman should they choose to do so.

In its communications to consumers, EAL will ensure that consumers fully understand the various avenues of complaint available to them, and that complaints are handled in a manner that does not prejudice a consumer's recourse to other avenues of complaint, including by operating in the manner sets out in clause 9.1.

PART 2: THE EAL STANDARDS

3 Compliance with the EAL Standards

- 3.1 Members, their agents/contractors, and all Sales Agents must comply with the EAL Standards set out below.
- 3.2 The EAL Standards include those embodied standards in the Applicable Laws that govern door to door sales across numerous Australian jurisdictions, including the Australian Consumer Law and in anticipation of the commencement of the national energy customer framework.

PART 5: SALES COMPLAINTS HANDLING, COMPETENCE MONITORING AND SALES AGENT DISCIPLINE

17 Sales Complaints made about conduct of Sales Agents

17.1 Energy Retailers must have an internal Sales Complaint Handling Process (**Sales Complaint Handling Process**) for receiving, recording and actioning Sales Complaints:

- (1) received from consumers, Consumer Advocacy Groups, any energy ombudsmen, energy regulator, government agency or other Member;
- (2) referred by the Code Manager; and
- (3) that complies with the applicable Australian Standard on Complaints Handling,

that, at a minimum, meets the requirements of this clause 17.

17.2 For the purposes of this clause 17 the Code Manager is not a dispute resolution body. Any Sales Complaints made to the Code Manager about conduct of a Sales Agent will be referred:

- (1) back to the responsible Energy Retailer to resolve their dispute directly if the consumer, Consumer Advocacy Group, Stakeholder or Member has not already done so; or
- (2) to the relevant energy ombudsman if the consumer is dissatisfied with the Energy Retailer's response to their Sales Complaint.

17.3 An Energy Retailer must investigate each Sales Complaint received within 5 Business Days of receiving the complaint and deal with the Sales Complaint in accordance with relevant legislation and the Energy Retailer's internal practices.

17.4 The Energy Retailer must provide feedback to the complainant on the outcome of the Sales Complaint within 21 days of receiving the Sales Complaint and, where a Sales Complaint is substantiated, redress the complaint in accordance with the Applicable Laws and the Energy Retailer's internal practices.

17.6 For each Sales Complaint, the Energy Retailer must record at least:

- (1) the date, or approximate date, of the incident;
- (2) the date of the Sales Complaint;
- (3) the reason for the Sales Complaint;
- (4) a date and description of how the Sales Complaint was resolved; and
- (5) the corrective action taken, if required, including disciplinary action taken against the Sales Agent and the Sales Agent's details.

17.7 Where it is proven, upon investigation of a Sales Complaint, that a Sales Agent has breached the EAL Standards:

- (1) the breach must be attributed a Level 1, Level 2 or Level 3 Breach in accordance with clause 20;

- (2) disciplinary action must be taken against the Sales Agent in accordance with clause 21; and
- (3) the breach must be recorded in the Competence Record Register.

17.8 Annexure A summarises the operation of the Sales Complaints Handling Process.

18 Competence Monitoring

18.1 An Energy Retailer must have procedures in place to monitor and record, on an ongoing basis, its Sales Agents' compliance with the EAL Standards (including Applicable Laws) (**Competence Monitoring**) which must include but is not limited to:

- (1) an independent Post Sale Verification Procedure that is done and recorded on all consumers that enter into a contract with the Energy Retailer;
- (2) monthly random assessments of 5% of Sales Agents that have obtained an Approved Accreditation Status; and
- (3) an annual Formal Competence Assessment in accordance with the Procedures Guideline.

18.2 For the purposes of clause 18.1(1) the Post Sale Verification Procedure must be conducted and recorded independently to the Sales Agent, and must not be undertaken by any individual that performs face to face marketing on behalf of the Member, but may include:

- (1) a call centre that is independent to the Member; or
- (2) a separate verification team contained within the Member's business.

18.3 For the purposes of clause 18.1(2), the assessment of Sales Agents may include, however is not limited to:

- (1) the "mystery shopping" of a sample of consumers that were contacted by Sales Agents but did not enter into a contract; or
- (2) assessments of Sales Agents undertaken whilst the Sales Agents perform Sales Activities where;
 - (a) the Sales Agent is randomly selected; and
 - (b) the assessment is performed by an Approved Assessor based on the On-Job Assessment Form contained in the Procedures Guideline.

18.4 Where it is proven, upon an investigation of conduct arising from Competence Monitoring, that a Sales Agent has breached the EAL Standards:

- (1) the breach must be attributed a Level 1, Level 2 or Level 3 Breach in accordance with clause 20;
- (2) disciplinary action must be taken against the Sales Agent in accordance with clause 21; and
- (3) the breach will be recorded in the Competence Record Register.

19 Competence Record Register

19.1 An Energy Retailer must operate a Competence Record Register that records all established breaches of the EAL Standards (**Competence Record**) arising from Sales Complaints made about Sales Agents under clause 17 and any breaches identified through the Competence Monitoring Process under clause 18.

- 19.2 Each Competence Record must contain:
- (1) details of the Sales Agent that breached the EAL Standards;
 - (2) the date of the breach and the date, or approximate date, of the incident;
 - (3) details of how the breach was detected, be it through a Sales Complaint or the Competence Monitoring Process;
 - (4) who raised the Sales Complaint or who performed the Competence Monitoring;
 - (5) the date that the Level of breach was attributed;
 - (6) the Level of breach attributed under clause 20;
 - (7) the section(s) of the EAL Standard or Applicable Law breached;
 - (8) the State or Territory in which the breach occurred; and
 - (9) a brief description of the breach.
- 19.3 Competence Records must be retained for a minimum of two years on the Competence Record Register.
- 19.4 The Competence Record Register will be reviewed by the Code Auditor in the course of the annual Compliance Audit.
- 19.5 Energy Retailers must monitor the Competence Record Register on a regular basis to identify, investigate and address systemic issues. For example, Energy Retailers must monitor trends in Sales Complaints:
- (1) to identify whether a particular Sales Agent is recording higher complaints than other Sales Agents; and
 - (2) to identify whether a larger number of complaints are being made in relation to a particular matter of compliance.
- 19.6 Where an Energy Retailer identifies a systemic issue under clause 19.5, the Energy Retailer must take corrective action to address the deficiency and prevent against re-occurrence. Examples of corrective action that may need to be taken, include, but are not limited to:
- (1) assessment and revision of training packages that are being provided to Sales Agents to address the issue identified; and
 - (2) assessing the scope and appropriateness of On-job training.
- 19.7 Where an Energy Retailer has identified a systemic issue under clause 19.5 the Energy Retailer must report the issue to the Code Manager as part of the Monthly Reporting under clause 25.3(8).
- 19.8 Where an Energy Retailer identifies a systemic issue which is in breach of a current law or regulation than this must be reported to the relevant energy regulator, or authority, in accordance with its regulatory obligations.

20 Levels of Breaches of EAL Standards

- 20.1 For the purposes of clauses 17.7 and 18.4, if a Sales Agent breaches the EAL Standards, the breach must be categorised as a Level 1, Level 2 or Level 3 Breach depending on the severity of the breach.
- 20.2 In determining the appropriate Level that is to be attributed to a breach by a Sales Agent, an Energy Retailer must take into account the following matters:

- (1) the seriousness of the breach;
- (2) whether the breach has been repeated by the Sales Agent;
- (3) whether the breach is part of a persistent course of different breaches recorded against the Sales Agent; and
- (4) any mitigating or aggravating circumstances that warrant considering appropriating a different Level of breach.

20.3 For the purposes of clause 20.1:

- (1) A breach of an EAL Standard will be a **Level 1 Breach** where the breach is minor. A minor breach would occur where there is a technical compliance failure or behaviour of a Sales Agent generally arising from poor procedures, where either a warning or some simple coaching or re-training is the most appropriate remedy. Examples of conduct which would constitute a Level 1 Breach include (but are not limited to):
 - (a) Sales Agent did not have their ID badge visible when contacting a consumer;
 - (b) Sales Agent failed to provide consumer with complete details of the EAL scheme;
 - (c) Sales Agent failed to record contact information on walk sheets;
 - (d) Sales Agent was flippant or rude to the consumer.
- (2) A breach of an EAL Standard will be a **Level 2 Breach** where it is a serious or persistent breach. A serious breach will occur where the arising breach is more than a technical or superficial breach of the EAL Standards and that breach involved was central to the role of a Sales Agent or disclosures by a Sales Agent. Examples of conduct which would constitute a Level 2 Breach include (but are not limited to):
 - (a) two Level 1 Breaches in the course of three consecutive months;
 - (b) advising a consumer that they could only have the marketing information if they signed a contract; or
 - (c) advising a consumer, by genuine mistake, that they will not incur early termination fees from their existing retailer, or that these would be waived by their existing retailer if they switch; or
 - (d) promising the consumer, by genuine mistake, a discount that does not apply to that particular consumer.
- (3) A breach of an EAL Standard will be a **Level 3 Breach** where it amounts to wilful or gross misconduct. Wilful or gross breaches are breaches of the EAL Standards that warrant dismissal and cannot be remedied through re-training. Examples of conduct which would constitute a Level 3 Breach include (but are not limited to):
 - (a) two Level 2 Breaches in the course of six consecutive months;
 - (b) forgery or fraud;
 - (c) taking advantage of an individual, whom a reasonable person could tell was not capable of making an informed decision, for example an elderly person;
 - (d) intentionally engaging in misleading or deceptive conduct; or
 - (e) advising a consumer that the Sales Agent had signed other people up in the street and named the consumers; or

(f) entering a consumer's premises without permission.

- 20.4 Where a Level 2 or Level 3 Breach is recorded against a Sales Agent, the responsible Energy Retailer must review, to the extent practicable, the previous five consumer contracts generated by the Sales Agent before the identified breach and the five consumer contracts generated after the identified breach. Should the review identify that any of those contracts were not entered into in accordance with the EAL Standards or Applicable Laws, the Energy Retailer must contact the consumers concerned and rectify the breach.
- 20.5 Upon completion of its review, under clause 20.4, the Energy Retailer must notify (where applicable) the relevant energy regulator of the breach, the action that was taken to address the breach, the remedial steps implemented and if appropriate, the proposed consumer redress.

21 Disciplining of Sales Agents

- 21.1 If a Member discovers that a Sales Agent is not meeting the EAL Standards, the Member must:
- (1) notify the Sales Agent of the failure; and
 - (2) if appropriate, implement a period of re-training or development.
- 21.2 If a Sales Agent has failed to comply with the EAL Standards and a Level 2 Breach is attributed to the Sales Agent under clause 20, the Member must:
- (1) notify the Sales Agent of the failure;
 - (2) implement a period of re-training or development; and
 - (3) change the Sales Agent's status in the EAL Register from "Approved" to "Development" for the period of re-training.
- 21.3 If it is alleged that a Sales Agent has failed to comply with the EAL Standards such that if established, a Level 3 Breach would be attributed to the Sales Agent under clause 20, the Member must:
- (1) notify the Sales Agent of the allegation;
 - (2) submit to the Code Manager a Deregistration Application in accordance with clause 22; and
 - (3) change the Sales Agent's status in the EAL Register from "Approved" to "Suspended" for the duration of and, if applicable, pending the outcome of a Deregistration Application.
- 21.4 Members must establish written procedures that detail the specific disciplinary action to be taken against a Sales Agent for various breaches of the EAL Standards that reflect clause 20 and 21.

22 Deregistration of Sales Agents

- 22.1 A Member must apply to the Code Manager to deregister a Sales Agent where a Sales Agent has failed to comply with the EAL Standards and a Level 3 Breach is attributed to the Sales Agent under clause 21 (**Deregistration Application**).
- 22.2 Deregistration Applications must be made to the Code Manager by either the Energy Retailer, or the Energy Marketer, in a manner that substantially conforms with the Form A set out in Annexure D.
- 22.3 The Code Manager must exercise his or her discretion reasonably and determine on the evidence before him or her:

- (1) if there is sufficient evidence to establish that the Sales Agent breached the Code;
 - (2) if there is insufficient evidence to ascertain the extent of the breach, to seek additional information from the Energy Retailer, Energy Marketer, Sales Agent or any other source;
 - (3) if satisfied that there has been a breach of the Code, whether the breach of the Code or cumulative breaches of the Code warrant the deregistration of the Sales Agent and if so, to deregister the Sales Agent; or
 - (4) if not satisfied that the Sales Agent has breached the Code or that deregistration is not warranted, to dismiss the Deregistration Application.
- 22.4 In making a determination under clause 22.3, the Code Manager must have regard to previous decisions made about the deregistration of Sales Agents so as to promote consistency of treatment of Sales Agents.
- 22.5 The determination must be made by the Code Manager within 10 Business Days of the receipt of the Deregistration Application.
- 22.6 The Code Manager will record in writing his or her reasons for the determination, and provide a copy of these reasons, in a form that substantially conforms with Form B contained in Annexure E (**Deregistration Notice**). The Deregistration Notice must be provided to both the Member and the Sales Agent, at the addresses provided for in the Deregistration Application.
- 22.7 If a Sales Agent is deregistered, the deregistration will last for a period of five years from the issue of the Deregistration Notice after which time, the Sales Agent may apply for a new registration and again engage in Sales Activities.
- 22.8 If a Sales Agent is not deregistered then the Accreditation Status of the Sales Agent will be returned to the last Accreditation Status that they were issued before their suspension.
- 22.9 Either the Sales Agent or the Member may appeal the determination under clause 22.3 to one member of the Code Panel in accordance with clause 29.

PART 6: REPORTING, AUDIT AND MEMBER DISCIPLINE

23 Members Constant Vigilance

- 23.1 A Member must have a clear governance and control framework to monitor and encourage compliance with the Code on an ongoing basis.
- 23.2 Members must respond within 2 Business Days to questions from the Code Manager relating to their Code compliance.
- 23.3 Members must utilise the results of Sales Complaint Handling, Competence Monitoring and Compliance Audit processes set out in this Code to pro-actively manage Code compliance.
- 23.4 Part 6 of this Code is separate to the rights of any relevant energy regulator to undertake audits, require reporting and take enforcement action in accordance with their powers and functions.

24 Compliance Audit

- 24.1 Each Energy Retailer must submit to a Compliance Audit on a yearly basis. The Compliance Audit will be conducted by the Code Auditor.
- 24.2 The scope of the Compliance Audit and procedures to be tested will be determined by EAL in consultation with the Code Auditor. In particular, and at a minimum, the Compliance Audit will cover:
- (1) the adequacy of controls for compliance with the Code shared between an Energy Retailer and Energy Marketer, including the governance framework developed under clause 7.1(3);
 - (2) whether or not the Energy Marketer engaged by the Energy Retailer is subject to the Compliance Audit and if so, will cover these same matters in relation to the Energy Marketer;
 - (3) issues relating to contacting and contracting with consumers and ethical conduct of Sales Agents;
 - (4) the adequacy of recruitment, training, assessment and monitoring of Sales Agents;
 - (5) the adequacy of Sales Complaint handling processes;
 - (6) the consistency and accuracy of the Member's categorisation of breaches of the EAL Standards in accordance with clause 20; and
 - (7) the sufficiency of record keeping and reporting.
- 24.3 The Compliance Audit may include random checks (on both the Energy Retailer, and the Energy Marketer they engage) and surprise field checks on Sales Agents. Otherwise, the Code Auditor will give reasonable notice of a Compliance Audit to the Energy Retailer and the Energy Marketer.
- 24.4 Members must give the Code Auditor access to the information necessary for the purposes of the Compliance Audit unless to do so would cause the Member to breach any law or the terms of any agreement to which it is a party.
- 24.5 The Code Auditor will prepare a detailed report of findings for each Energy Retailer (**Audit Report**). The Audit Report will be provided to the Energy Retailer that was the subject of the Audit Report, the relevant energy regulator and the Code Manager. Each Audit Report will:
- (1) detail the procedures and documentation that were reviewed;

- (2) set out the results of the review;
- (3) identify areas of non-compliance; and
- (4) prescribe action plans agreed with the Energy Retailer to address areas of non-compliance by the Energy Retailer.

24.6 A consolidated report of the results of all Compliance Audits will be prepared by the Code Auditor and provided to the EAL Board, Members, the Code Panel, and at the next scheduled Stakeholder Working Group meeting summarising:

- (1) the extent and type of breaches of the EAL Standards;
- (2) the procedures and documentation that were reviewed; an outline of any major or important instances of non-compliance, inclusive of potential industry wide systemic issues identified;
- (3) corrective measures that have been prescribed to address compliance issues; and
- (4) any other relevant observations.

25 Monthly Reporting

25.1 Each Energy Retailer must prepare a report each month about its compliance with the Code (**Monthly Report**).

25.2 Each Energy Retailer must provide the Monthly Report to the Code Manager within 14 days of the end of each month about its compliance with the Code in that month. The Code Manager may, at the request of an Energy Retailer, extend the deadline for the provision of a Monthly Report by up to 7 additional days.

25.3 The scope of the Monthly Reports will be agreed to between the Energy Retailer and the Code Manager but must include at least:

- (1) the number of Sales Agents on the EAL Registry registered to the Energy Retailer;
- (2) the number and details of "Approved" Sales Agents that were randomly audited for the month in accordance with clause 18.1(2);
- (3) the number of Formal Competency Assessments that were undertaken by the Member in accordance with clause 18.1(3) and the result;
- (4) relevant indicators of the extent to which the EAL Register is being maintained by the Energy Retailer;
- (5) the number of consumers contacted by, or on behalf of, the Energy Retailer in the month by State, based on walk sheet data;
- (6) details of Sales Complaints received in the month including but not limited to for each Sales Complaint:
 - (a) the date of the incident;
 - (b) the date of the Sales Complaint;
 - (c) the nature of the Sales Complaint;
 - (d) the State in which the incident occurred;
 - (e) the date the Sales Complaint was resolved;

- (f) whether the Sales Complaint was proven and recorded in the Competence Register and the Level of Breach attributed to the Sales Complaint;
- (7) any new Competence Record for the month;
- (8) any issues identified through monitoring the Competence Record Register under clause 19.6 and the corrective action undertaken;
- (9) the outcome of action taken under clause 20.4; and
- (10) progress made to implement action items arising from any Compliance Audit, Warning Notice issued under clause 27 or Sanction imposed under clause 28.

26 Investigation of alleged Code breaches by Members

26.1 The Code Manager must investigate all potential breaches of the Code by Members raised:

- (1) in Monthly Reports;
- (2) through the annual Compliance Audit; or
- (3) following the receipt of a complaint substantially in the form of Form C as set out in Annexure F (**Member Complaint**) from another Member, the energy ombudsman, Consumer Advocacy Groups any energy regulator or regulatory body or the government (**Complainant**).

26.2 Where a complaint is received by the Code Manager from a consumer about the conduct of a Member, the Code Manager will refer the consumer;

- (1) back to the responsible Member to resolve the complaint directly if the consumer has not already done so; or
- (2) provide the consumer with contact details of the relevant energy ombudsman or regulator if the consumer is dissatisfied with the Member's response to their complaint.

26.3 For the purposes of clause 26.2 (2) the relevant energy ombudsman or regulator can investigate the complaint independent to this Code or lodge a Member Complaint in accordance with clause 26.1 (3).

26.4 The Code Manager must:

- (1) seek additional information from the Member or Complainant or any other source if necessary;
- (2) ascertain whether the issue is attributable to the Energy Retailer or the Energy Marketer; and
- (3) investigate and assess the issue as soon as reasonably practicable in order to minimise consumer dissatisfaction and to help raise industry standards;
- (4) notify the Complainant of the outcome of the investigation.

27 Warning Notices

27.1 Where an issue of compliance is identified by the Code Manager under clause 26, then the Code Manager must issue the responsible Member(s) with a notice warning them that they are suspected of having breached the Code and recommending that remedial action be undertaken to address the issue (**Warning Notice**).

27.2 The Warning Notice must specify (at a minimum):

- (3) the timeframe in which the issue must be addressed;
- (4) responsibility of whom is to address the issue based on the investigation undertaken in 26.2 (be it the Energy Retailer or the Energy Marketer); and
- (5) the Sanction that will be likely to be sought under clause 28 if:
 - (a) the issue is not addressed in accordance with the Warning Notice; or
 - (b) the Member does not establish (to the satisfaction of the Code Manager) that there is good reason why the Warning Notice cannot or should not be complied with in whole or in part because, for example:
 - (i) the suspected Code breaches did not occur;
 - (ii) satisfactory remedial action has already been undertaken; or
 - (iii) the corrective action recommended under clause 27.2(2) is inappropriate or cannot be reasonably undertaken in the timeframe specified under clause 27.2(3),

applying the principles set out in the flowchart in Annexure B.

27.3 Where the issue of compliance relates to a systemic or material breach in accordance with this clause 27, which is in contravention of an Energy Retailer's obligation under the law or regulations than this breach must be reported by the Energy Retailer to the relevant regulator or authority.

28 Sanction Process

28.1 Subject to clause 27.2, the Code Manager must impose a Sanction on a Member if the Member fails to meet the obligations imposed on it under a Warning Notice and the Code Manager has not waived the requirement to comply with any aspect of that Warning Notice.

28.2 If the Code Manager determines to impose a Sanction under this clause 28, the Code Manager must impose a Sanction 1, 2, 3, 4, 5 or 6 based on the following table:

28.3 For the purposes of clause 28.2:

- (1) a **minor operational breach** is a breach of the Code that is operational and minor in nature however does not have a direct public facing impact. A minor operational breach will occur when the arising breach is a small technical or superficial breach of the operations of the Code;
- (2) a **serious operational breach** is a breach of the Code that is operational and serious in nature however does not have a direct public facing impact. A serious operational breach will occur when the arising breach is more than a technical or superficial breach of the operations of the Code, and is a clear contravention of a Member's obligations under the Code;
- (3) a **material breach** is a significant breach of the EAL Standards that is isolated in nature yet has impacted, or has the potential to impact, a large number of consumers. 28.4 In making a determination under clauses 27, 28.1 and 28.2, the Code Manager must have regard to:

- (1) any previous Warning Notice or Sanction imposed on the Member in the past two years;

- (2) previous decisions made under a Warning Notice about the Sanctioning of Members so as to promote consistency of treatment of Members under this clause 28; and
 - (3) costs of compliance for Members by ensuring that any action required is proportionate to the issue that it seeks to remedy. As far as the law allows, the Code Manager will take account of the circumstances of the case and the attitude of the Member when considering action.
- 28.5 Where an Energy Retailer engages an Energy Marketer, and upon investigation it is found that a breach, or area of non-compliance, is attributable to the Energy Marketer, then the Code Manager or Code Panel (as the case may be) may determine that either:
- (1) both the Energy Retailer and Energy Marketer is subject to the Sanction;
 - (2) a different Sanction is imposed on the Energy Marketer as is to the Energy Retailer; or
 - (3) only the Energy Marketer receives the Sanction.
- 28.6 Unless immediate remedial action is required, before a Sanction is imposed, the Code Manager will provide an opportunity for the Member to discuss the circumstances of the failure to meet its obligations under the Warning Notice and the proposed Sanction and, if possible, resolve points of difference. Following that discussion or where immediate action is required, the Code Manager must issue a notice that substantially conforms with Form D as set out in Annexure G (**Notice of Breach**). The Notice of Breach must record, in writing, the Code Manager or Panel Member's reasons for the determination and include a copy of all documents and information supplied to or obtained by him or her in reaching that determination.
- 28.7 The Code Manager must serve the Notice of Breach on the Member by forwarding the Notice of Breach by ordinary pre-paid post to the registered office of the Member and/or to any other postal address, electronic address or fax number provided by the Member.
- 28.8 The Sanction proposed will be deemed to be accepted by the Member, unless a notice of appeal is lodged in accordance with clause 30 within 10 Business Days of the Date of Service of the Notice of Breach.
- 28.9 Where the proposed Sanction is more significant than a Sanction 1, one member of the Code Panel must approve the Sanction in accordance with clause 28.10 before it can be imposed.
- 28.10 The Code Manager must provide the Panel Member with a draft Notice of Breach prepared as though it was to be provided to the Member under clause 28.6. The Panel Member must consider the Member's conduct and proposed Sanction as though it were the Code Manager under clauses 28.1 to 28.5 and in doing so:
- (1) must consider the proposed Sanction in accordance with the preliminary determination made by the Code Manager and the evidence before them;
