PLEASE FOLLOW DIRECTIONS ON BACK OF THIS FORM

- (b) Short description of business carried on by that person (Refer to direction 3):

2. Notified arrangement

- (a) Description of the goods or services in relation to the supply or acquisition of which this notice relates:

This notice relates to the proposed sale of residential land and homes on approximately 450 hectares of land located within NSW known as "Bingara Gorge".

Bingara Gorge will comprise approximately 1,165 residential housing lots. It will be developed in stages and involves the subdivision of land, establishment of community title facilities and the establishment of open space.

Parts of Bingara Gorge have already been cleared, subdivided and sold under different arrangements.

- (b) Description of the conduct or proposed conduct (Refer to direction 4):

Bradcorp Wilton Park Pty Limited ABN 69 086 388 212 (**Bradcorp**) is the owner of Bingara Gorge.

Bradcorp proposes to enter into a development agreement (or similar) with preferred builders giving those builders the exclusive right to construct residential homes on allocated residential lots. After a lot has been allocated to a builder, no other builder may build on it.

As Bradcorp has granted development rights over parts of Bingara Gorge to DLL, in most cases DLL will also be a party to the development agreement.

Preferred builders are likely to consist of approximately 10 to 15 builders selected on the basis of experience and standard of workmanship. Each preferred builder will not be related to Bradcorp or DLL.

Before a purchaser is found, each preferred builder will be given the exclusive right to build residential homes on the lots allocated to that builder.

All homes will be:

- (i) constructed by the preferred builder - Bradcorp and DLL will not do any residential building work, and
- (ii) marketed by DLL.

After a purchaser is found, the purchaser must enter into two separate contracts:

- (iii) **Land Sale Contract:** between the purchaser and Bradcorp and, in most cases, DLL - for the sale of the residential lot, and
- (iv) **Building Contract:** between the purchaser and the builder only - for the construction of the residential home on the residential lot.

The proposed conduct by the applicant might be third line forcing that contravenes sections 47 of the *Trade Practices Act 1974* (Cth).

Section 47(6)

Without limitation, the applicant may be a corporation that:

- supplies, or offers to supply, rights in relation to, or interests in, real property;
- supplies, or offers to supply, rights in relation to, or interests in, real property at a particular price; or
- gives or allows, or offers to give or allow, a discount, allowance, rebate or credit in relation to the supply or proposed supply of rights in relation to, or interests in, real property by the corporation;

on the condition that the person to whom the corporation supplies or offers or proposes to supply the rights in relation to, or interests in, real property or, if that person is a body corporate, a body corporate related to that body corporate will acquire building services of a particular kind or description directly or indirectly from a pre determined builder not being a body corporate related to the corporation

Section 47(7)

Further, without limitation, the applicant may be a corporation that refuses:

- to supply rights in relation to, or interests in, real property to a person;
- to supply rights in relation to, or interests in, real property at a particular price to a person; or
- to give or allow a discount, allowance, rebate or credit in relation to the supply of rights in relation to, or interests in, real property to a person;

for the reason that the person or, if the person is a body corporate, a body corporate related to that body corporate has not acquired, or has not agreed to

acquire, building services of a particular kind or description directly or indirectly from a builder not being a body corporate related to the corporation.

Purchasers of residential lots at Bingara Gorge.
- (b) Number of those persons:
- (i) At present time:
0
- (ii) Estimated within the next year (Refer to direction 6):

- (c) Where number of persons stated in item 3 (b) (i) is less than 50, their names and addresses:
Not applicable.

4. Public benefit claims

- (a) Arguments in support of notification (Refer to direction 7):
The proposed conduct will benefit the public because:
- (i) A purchaser will have the benefit of a new home in an estate for a fixed price.
- (ii) A purchaser's overall costs will be reduced as they will not be required to:
- (A) expend additional money in identifying and considering the services of other builders, and
- (B) enter into a number of separate contracts for the design and construction of a residential building.
- (iii) A purchaser is not required to pay for the land or start paying off their mortgage until the house is constructed on the land.
- (iv) The builder will not be required to pay stamp duty on the purchase of the residential lot so that this cost will not be passed on to the purchaser.
- (v) Purchasers will have greater certainty of the quality of work as preferred builders have a proven track record.
- (vi) As the builder does not need to buy the residential lots it may devote its resources to building a superior quality product.
- (vii) It will also give builders a reasonable volume of work. This will enable a specified builder to generate an increase in supplies and therefore giving the builders an opportunity of reducing costs. The purchasers will benefit from this as Bradcorp and DLL expect associated cost savings by the builders will be passed on to purchasers.

- (b) Facts and evidence relied upon in support of these claims:
 - (i) There are several other developers in the NSW market which offer house and land packages and require purchasers to enter into residential house and land contracts.
 - (ii) The proposed conduct will not decrease competition in the NSW residential housing market.
 - (iii) A purchaser is under no obligation to purchase land from Bradcorp or DLL or to use a preferred builder for the construction of a residential home outside Bingara Gorge.

5. Market definition

Provide a description of the market(s) in which the goods or services described at 2 (a) are supplied or acquired and other affected markets including: significant suppliers and acquirers; substitutes available for the relevant goods or services; any restriction on the supply or acquisition of the relevant goods or services (for example geographic or legal restrictions) (Refer to direction 8):

- (a) The relevant markets is the New South Wales market in South West Sydney for the supply of:
 - (i) residential house and land packages, and
 - (ii) residential construction services.
- (b) Both of the markets referred to above are extremely competitive and are fragmented with many builders operating in South West Sydney. These markets compete frequently for purchasers in their respective markets, including by competitive offers, conditions and incentives from time to time. The development of Bingara Gorge is an example of such conduct.
- (c) There are a large number of residential estates in South West Sydney which offer strong competition to Bingara Gorge in relation to the supply of residential land and housing packages.

6. Public detriments

- (a) Detriments to the public resulting or likely to result from the notification, in particular the likely effect of the notified conduct on the prices of the goods or services described at 2 (a) above and the prices of goods or services in other affected markets (Refer to direction 9):

The proposed conduct will have little, if any, public detriment as:

- (i) home buyers avoid the uncertainty of overall costs on construction of a house
- (ii) it offers home buyers the convenience of entering into one arrangement only
- (iii) home buyers avoid any additional costs associated with building a house (eg design fees, architectural fees)
- (iv) home buyers have the option to purchase other vacant land from either Bradcorp or DLL or others.

Bradcorp considers that the proposed conduct will not have an anti-competitive effect in the relevant market.

- (b) Facts and evidence relevant to these detriments:

A purchaser will have an opportunity to consider and review all factors before they determine what product is suitable for them.

Purchasers can choose to obtain land, house and land packages and residential construction services from the number of other land owners, developers and builders in the NSW market.
