Dear Mr Spier

Fee waiver request on behalf of the Newsagents Association of NSW and the ACT

I refer to your letter of 24 July 2011 to the Australian Competition and Consumer Commission (ACCC) in respect of a proposed application for authorisation. In your letter you have requested that the ACCC grant a fee waiver in respect of the proposed arrangements.

In particular, you have requested that the fee to be paid in relation to an application for authorisation to be lodged by the Newsagents Association of NSW and the ACT (NANA) be waived in whole.

In support of your request, among other things, you submitted that:

- NANA is a very small association made up solely of very small businesses.
- NANA has limited funds and it is not feasible to levy members to pay the lodgement fee.
- NANA considers that the application fee of \$7500 would cause hardship for itself/its members.

NANA has also noted that the ACCC has granted fee waiver to similar organisations for similar collective bargaining proposals in the past.

Having regard to the above, as a person authorised to assess fee waiver requests for and on behalf of the ACCC, I wish to advise that the application fee to be paid by NANA has been waived in whole. No application fee will apply with respect to the application for authorisation to be lodged by NANA.

This decision will remain in force for a period of three months. The three month period will expire on 26 October 2011.

A copy of this letter should accompany the application for authorisation to be lodged by NANA. The cover letter to the application should mention that a letter from the ACCC regarding a fee waiver is enclosed with the application. The application together with this letter will be placed on the public register at that time.

If the application for authorisation is lodged by NANA after 26 October 2011, a full application fee of \$7500 will apply, unless a subsequent request for a fee waiver is made and ultimately approved by the ACCC.

Should you have any queries in relation to this matter, please do not hesitate to contact Susan Philp on 02 6243 1347.

Yours sincerely

REGULATORY STRATEGIES & SOLUTIONS

**APPLICATION BY NANA FOR AUTHORISATION FOR COLLECTIVE
BARGAINING WITH NSW LOTTERIES**

The Principle.

"A single negotiation process through collective bargaining may offer a more efficient and informed bargaining process, relative to a situation where multiple negotiation processes are necessary"

ACCC "AMA Collective Bargaining decision", December 2008.

The Application

The Application seeks ACCC authorisation for the NSW and ACT Newsagents Association (NANA) to collectively bargain on behalf of its members with NSW Lotteries in relation to the distribution services that NANA members provide to NSW Lotteries and to NSW/ACT consumers.

The Application also seeks authorisation that NANA represents its members in any such collective bargaining.

The Applicant also seek **interim** authorisation as negotiations with NSW Lotteries could commence any day.

Relevant ACCC authorisations.

The ACCC has previously authorised NANA to collectively bargain with newspaper publishers and magazine distributors. **A91117**

Further the ACCC has authorised and re authorised Queensland lottery agents (LAQ) to collectively bargain with Golden Casket. **A91101**

This Application draws from the above mentioned authorisation decisions by way of relevant principles previously adopted by the ACCC.

Purpose of the Application

NANA members are all newsagents and most are agents for NSW Lotteries. It is expected that most current Members will continue as Members and as NSW Lotteries agents.

The applicant requests that the authorisation cover new Members as well.

The purpose of newsagents association seeking protection for collective negotiation is to give the newsagents more input and cost effectiveness into the competitive process between buyers and suppliers so that the outcome in terms of commission rates, supply terms and conditions will, more closely, approximate the outcome one could expect under competitive conditions (equally matched buyers and suppliers).

Under the non collective bargaining arrangements the targets of any collective bargaining sought to be protected present individual newsagents with standard form contracts that are weighted in favour of the target.

NANA wishes to conduct negotiations on behalf of its members in relation to the terms and conditions of agency agreements and arrangements with NSW Lotteries, including,

- Commission fees
- Handling fees
- Agency application fees
- Support services levies
- Freight charges
- Product ordering fees
- Equipment hire costs
- Retail image design and agency subsidy and insurances, and
- Any conduct protocols issued by NSW Lotteries

The NSW Lotteries agency agreements are standard across the industry and have in the past been approved by the relevant NSW Regulators. Changes to the contracts have to be discussed with the agents.

At the moment NANA is not legally able to collectively negotiate in relation to such agreements.

The above list of terms and conditions is not exclusive and other issue may arise from time to time that are currently unforeseen.

A critical issue for NANA seeking collective bargaining now after many years of its members dealing with NSW Lotteries is that Lotteries is no longer owned by the NSW Government and collective bargaining is now an appropriate way of dealing with Lotteries. Prior to now NANA would have dealt with the relevant NSW Ministers on issues such as terms and conditions.

It is proposed to develop a dispute resolution regime overtime and essentially NANA and the target can hopefully agree on a low costs system using an arms length mediator. Such ADR regime would apply to both issue between NANA and NSW Lotteries and disputes between NSW Lotteries and individual NANA members.

The Applicant and its members,

The Applicant is well known to the ACCC and we refer to Authorisation A91117 which relates to the Applicant collectively bargaining with newspaper publishers and magazine distributors.

NANA represents some 600 newsagents in NSW/ACT, ANF represents the same on national issues. Many newsagents are not members.

NANA expects to increase it membership in the coming year.

Newsagents who are NSW Lotteries agents receive commissions between 6-7%. The average annual commission for NANA members is approx. \$57,000.00.

The target.

The target currently holds the exclusive licence to run lotteries in NSW. It is the monopoly provider of lottery and related service to NSW consumers and to distributors of such services. It acquired the exclusive licence in 2010.

NSW Lotteries was a corporation owned by the Government of New South Wales , it is now na wholly owned subsidiary

of Tattersalls who has been granted an exclusive licence for 40 years.

It runs games of chance through a network of agents, many of which are newsagencies.

It falls under the government portfolio of Gaming and Racing and is governed by the Public Lotteries Act 1996.

NSW Lotteries runs some of its lotteries itself and syndicates a number of others run by interstate lottery organisations.

The lotteries offered are:

- Lotto
 - There are three Lotto draws weekly, occurring on Monday, Wednesday and Saturday evenings. Although the three are marketed identically by NSW Lotteries, the Saturday Lotto draw is a national lottery run by Tatts Group Limited and syndicated by NSW Lotteries. It is known elsewhere in Australia as **Tattslotto** or **Gold Lotto**. The Monday & Wednesday Lotto draws are run by NSW Lotteries and are available across Australia except Queensland.
- Lotto Strike
- Lucky Lotteries
 - The 'Lucky Lotteries' brand is used to market the \$2 Jackpot Lottery and the \$5 Jackpot Lottery, which are separate although similar games.
- Oz Lotto (run by Tattersalls and syndicated by NSW Lotteries)
- Powerball (run by Tattersalls and syndicated by NSW Lotteries)
- 6 from 38 Pools (run by South Australian Lotteries as 'The Pools'; syndicated as '6 from 38 Pools' by NSW Lotteries)

NSW Lotteries also sells various scratchcard games, under the brand 'Instant Scratchies'

The market

The Applicant considers that the relevant fields of competition are those for:

- the provision of lotto and instant lotto distribution services to NSW Lotteries, and

- the supply of lottery products to consumers.

The provision of lotto and instant lotto distribution services to NSW Lotteries

NSW lottery agents distribute lotto and instant lotto products in return for a commission on the sale of those products. Lottery agents compete with each other, and with other prospective agents, in the provision of these services.

NSW Lotteries is the monopoly supplier of lottery products in NSW and as such, the monopsony acquirer of distribution services from agents.

The supply of lottery products to consumers

Lottery agents compete with each other in the retail of lottery products to consumers.

There is a wide range of other gambling and wagering products also available to consumers. However, the area of competition most affected by the arrangements for which authorisation is sought is the provision of distribution services to NSW Lotteries. It is not possible for lottery agents to offer the same service to other forms of gambling.

NSW Lotteries legislation

The NSW Office of Liquor, Gaming and Racing (OLGR) is accountable for the development, implementation and integrity of the overall regulatory framework across alcohol, licensed clubs, charitable fundraising and gambling activities in NSW.

Its role includes overall policy direction and advice (including advising government on legislative change) in relation to all regulated activities, early intervention, education activities and co-ordination of licensing, compliance and enforcement functions.

Detriment.

The applicant does not see any detriment in collective bargaining by NANA with NSW Lotteries.

Any anti competitive impact would be of a very low level if any. NANA members compete and will continue to compete

with non newsagent lottery agents and direct sales by NSW Lotteries.

The industry is highly regulated and contracts are largely standard. That being the case it is important that NANA are collectively at the negotiation table otherwise some anti competitive elements could arise.

The arrangements will be voluntary and hence any detriment is unlikely.

It is highly unlikely that extension of the collective bargaining facility to NANA will have any negative impact on competition and no impact at all on consumers.

Public benefits

As with most collective bargaining some public benefits arise. They are hard to quantify but they are real.

The target has a reputation of limited negotiation and the only way that negotiations are likely to arise is if they are collective. Unless they are collective important issues might not be addressed.

There is a clear disparity of bargaining power and the only way that that might be remedied with possibly mutually beneficial outcomes is by collective negotiation.

The other benefit is that any improvements in the standard form agreements should come out of input by all those involved and not just one category of agents who might have greater bargaining power than NANA members,

Conclusion

The Applicant considers that the public detriments generated by the collective bargaining arrangements are likely to be minimal having regard to the following:

- the current level of competition between NANA lottery agents is unlikely to be significantly affected
- the arrangements are voluntary for all parties, and
- the arrangements do not include collective boycott activity.

The applicant contends that the proposed collective bargaining arrangements will provide newsagents with a greater opportunity to provide input into terms and

conditions of distribution arrangements with associated efficiency gains.
