

Hi Marie

Further to your email I can clarify the following. CALMS is seeking ongoing authorisation to set a schedule of capped fees on MBS items for our GP Locum's use when working with us in our role as an accredited Medical Deputising Service. The current schedule will be forwarded to you for your information as a supporting document this morning in word format.

As previously discussed CALMS requires to amend the fee schedule on an irregular basis in line with workforce expectations and other market factors. ACCC authorisation for CALMS to set a capped schedule would be the ideal solution to the process outlined above. Should you require any further information please do not hesitate to contact me.

sincerely
