**2 Notified arrangement**

- (a) Description of the goods or services in relation to the supply or acquisition of which this notice relates:

Dealer will offer a range of telecommunications and related goods or services (including mobile phones, cordless phones, fax machines, phone cards, other telecommunications equipment, software, hand held computers, data products and internet starter packs) (“**Dealer Products**”) and/or promotional goods or services (including vouchers, cinema tickets, electrical goods and accessories and food items) (“**Promotional Products**”) to customers on condition that they acquire telecommunications services and/or related goods or services from Telstra.

- (b) Description of the conduct or proposed conduct:

### **3 Persons, or classes of persons, affected or likely to be affected by the notified conduct**

### **4 Public benefit claims**

- (a) Arguments in support of notification:  
*(Refer to direction 7)*

The proposed conduct will be of benefit to the public because it will allow retail customers to acquire Dealer Products and/or Promotional Products at a discount or at a lower cost. It may also lead to better network support and may encourage greater innovation from other telecommunications providers.

- (b) Facts and evidence relied upon in support of these claims:

Dealer Products include mobile phones, cordless phones, fax machines, phone cards, other telecommunications equipment, software, hand held computers, data products and internet starter packs. Promotional Products include vouchers, cinema tickets, electrical goods and accessories and food items. These are valuable products to many consumers and the ability to acquire them at a discount or at a lower cost may be a significant benefit to the individual consumer.

## 5 Market definition

Provide a description of the market(s) in which the goods or services described at 2 (a) are supplied or acquired and other affected markets including: significant suppliers and acquirers; substitutes available for the relevant goods or services; any restriction on the supply or acquisition of the relevant goods or services (for example geographic or legal restrictions):

*(Refer to direction 8)*

There are a number of markets that may be relevant including the markets for the supply to retail consumers of phones (fixed and mobile), fax machines, hand held computers and other similar communications devices.

These markets are characterised by strong competition. There are several leading retailers of these products as well as many smaller competitors.

## 6 Public detriments

- (a) Detriments to the public resulting or likely to result from the notification, in particular the likely effect of the notified conduct on the prices of the goods or services described at 2 (a) above and the prices of goods or services in other affected markets:

*(Refer to direction 9)*

There are no public detriments likely to result from the proposed conduct.

- (b) Facts and evidence relevant to these detriments:

The proposed conduct will not lessen competition because:

- (i) the retail markets for the Dealer Products and Promotional Products are characterised by large numbers of competitors and very intense competition; and
- (ii) Dealer does not have a substantial degree of market power in any relevant market.

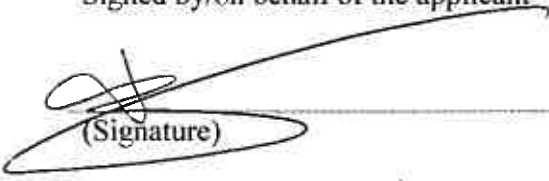

The benefits from the proposed conduct will outweigh any possible detriment considered to arise from the proposed conduct.
