By Email

Dear General Manager

**Re: Application for authorisation to engage in collective bargaining
Counterparty: Hanson Construction Materials**

We refer to your Mr John Rouw's email to our Mr Carter of 28 August 2012 and our initial response of 29 August 2012.

We **enclose** for your information updated member lists relating to both Country Queensland and South East Queensland. The lists have been updated with the names of the corporate entities through which our members provide services to Hanson. We will continue with our efforts to obtain these details and will provide a completed list in due course.

As anticipated by our Application, the listing of members has been subject to some fluctuation with a number of those identified as members in the previous list having either resigned from the TWU or having ceased their engagement with Hanson. Some further members were also identified as being employed drivers and their names have been removed from the lists.

The present numbers are 34 Country Queensland and 54 SEQ. We anticipate that these numbers will subject to further fluctuation as new members join the TWU and the bargaining group.

We trust that this information is of assistance.

Yours Faithfully

Peter Biagini
Qld Branch Secretary – Transport Workers' Union of Australia
