Dear Mr Durham

Third line forcing notification N96210 lodged by Intralot Gaming Services Pty Ltd

I refer to the above third line forcing notification lodged with the Australian Competition and Consumer Commission (the ACCC) on 16 October 2012. The notification has been placed on the ACCC's public register.

Intralot is the holder of the 15 year exclusive Monitoring Licence issued under the Gambling Regulation Act 2003 (Vic). Under the Monitoring Licence, Intralot is required to provide monitoring services to operators of electronic gaming machines in Victoria (which in turn, under the terms of their own gaming licences, are required to acquire monitoring services from the holder of the Monitoring Licence).

Intralot proposes to provide monitoring services to operators of electronic gaming machines in Victoria on condition that an operator acquires and pays for a dedicated Telstra PSTN telephone line to each of its venues. Intralot will then provide and pay for a Telstra ADSL service using the PSTN service to their venue/s, by which the monitoring is to be conducted.

Legal protection conferred by the notification will commenced on 30 October 2012.

On the basis of the information that you have provided it is not intended that further action be taken in this matter at this stage.

As with any notification, please note that the ACCC may act to remove the legal protection provided by the notification at a later stage if it is satisfied that the likely benefit to the public from the conduct will not outweigh the likely detriment to the public from the conduct.

This assessment has been made on the basis that Intralot and Telstra will disclose all relevant terms and conditions to prospective customers.

A copy of this letter has been placed on the ACCC's public register.

If you wish to discuss any aspect of this matter, please do not hesitate to contact Tanya Hobbs on (02) 6243 1029.

Yours sincerely
