Submission

Victorian Off-Course Agents
Association

Notification of Collective
Bargaining

Submission to the ACCC

13 November 2012

1 Introduction

This submission is provided in relation to a Notification of Collective Bargaining lodged by the Victorian Off-Course Agents Association (**the Association**).

2 Background

2.1 Victorian Off-Course Agents Association

The Association represents the interests of agents who have been appointed by Tabcorp Wagering (Vic) Pty Ltd (**Tabcorp Wagering**) in respect of the provision of off-course wagering services.

The Association represents 70 agents which operate 93 agency locations in Victoria. Certain agents operate more than one Tabcorp wagering agency. Each member of the Association has provided their consent to the lodgement of this Notification.

The Association represents the operators of stand-alone TAB agencies, as opposed to Tabcorp wagering operations which are located in licensed venues (i.e. PubTABs or ClubTABs).

2.2 Tabcorp

The Tabcorp Group has interests in wagering, gaming and media. The ultimate parent company, Tabcorp Holdings Limited (**TAH**), is listed on the ASX.

Tabcorp Wagering is a wholly owned subsidiary of TAH, and is part of the Tabcorp Group's Wagering Division (**Wagering Division**).

The Wagering Division's operations, which are primarily conducted in Victoria and New South Wales, include:

- off-course totalisator betting on racing and other sports in agencies and licensed venues (hotels, pubs and clubs) in Victoria and New South Wales and by telephone and the internet;
- on-course totalisators in Victoria and New South Wales;
- fixed odds betting on racing, sports and other events;
- fixed odds betting on racing, sporting and novelty products via the Northern Territory bookmaker Luxbet;
- national racing broadcasting through the Sky Racing television service;
- the Sky Sports Radio network, a New South Wales radio broadcasting service which specialises in race broadcasts; and
- Trackside – a virtual fixed odds racing game distributed principally in Victoria and New South Wales.

The Wagering Division operates totalisator and fixed odds businesses under separate licences in Victoria and New South Wales.

Victorian wagering operations

Tabcorp Wagering holds a Victorian Wagering and Betting Licence. The licence allows Tabcorp Wagering to offer on-course and off-course totalisator wagering and fixed odds betting on thoroughbred, harness and greyhound racing and approved sporting and other events. The licence also allows for the offering of approved simulated racing games and the operation of a betting exchange.

Tabcorp's Victorian wagering services are delivered to members of the public on-course and off-course principally through:

- stand-alone TAB Agencies and company operated mobile betting vans and other locations in Victoria;
- licensed venues in Victoria (i.e. PubTABs and ClubTABs); and
- telephone and internet accounts.

The proposed collective bargaining arrangements relate to the stand-alone Victorian TAB Agencies (**TAB Agencies**).

2.3 Rationale for the Notification

The Association provides this Notification on behalf of TAB Agencies.

The Notification is necessary to enable the Association to collectively bargain with Tabcorp Wagering in relation to matters of common commercial concern to TAB Agencies.

The TAB Agencies lack extensive commercial or negotiating experience. Allowing the Association to collectively bargain on TAB Agencies' behalf reduces the potential for Tabcorp Wagering to use any superior bargaining position it may have and provides significant efficiencies which will benefit both TAB Agencies and Tabcorp Wagering.

3 Proposed collective bargaining

3.1 Agency Services

The proposed collective bargaining arrangements are in respect of the supply of Agency Services by TAB Agencies to Tabcorp Wagering.

Agency Services refer to the supply of wagering and other services to the public, as agent of Tabcorp Wagering, at Agencies.

The principal responsibilities of the agent include:

- to operate the agency in order to provide an efficient betting service to the public, including by providing appropriate facilities to assist the public in placing bets, for example, appropriate audiovisual equipment; and
- to use its initiative, expertise and knowledge to maximise wagering turnover and customer service.

3.2 Collective bargaining process

It is expected that each participant of the proposed collective bargaining arrangements will enter into a separate Distribution Services Agreement (**the Agreement**) with Tabcorp Wagering.

It is anticipated that the terms the Agreement will be negotiated by the Association on behalf of TAB Agencies. Assuming that the Notification is allowed to stand, the Association proposes to meet with Tabcorp Wagering to discuss relevant terms and conditions to be included in the Agreement.

It is proposed that under the Agreement:

- Tabcorp Wagering will acquire Agency Services from the relevant agent;
- the relevant agent will supply Agency Services to Tabcorp Wagering, and operate the relevant agency pursuant to the terms of the Agreement.

Obligations of the parties

The terms and conditions of the Agreement will include terms in respect of price and conditions of supply.

It is expected that the principal obligations of Tabcorp Wagering will be to:

- pay to the agent an agency fee and an agency commission, which will be determined under the Agreement; and
- assist the agent to supply the Agency Services by, for example, providing fit-out, equipment and facilities for the efficient operation of the agency.

It is expected that the principal obligations of the agent under the Agreement will be to:

- operate the agency as its primary business activity and receive funds on behalf of Tabcorp Wagering;
- promote and develop the agency to the mutual benefit of Tabcorp Wagering and the agent;
- provide an efficient betting service to the public on all wagering services offered by Tabcorp Wagering from time to time; and
- provide access to patrons of the agency during trading hours to appropriate facilities to facilitate the provision of wagering services.

Dispute resolution

The participants anticipate that a dispute resolution procedure will be provided for under the Agreement, dealing with any disputes arising between Tabcorp Wagering and a TAB Agency throughout the term of the Agreement.

Term

It is expected that any Agreement entered into will extend for a 3 year period.

Participants' expectation to enter into the Agreement

The parties expectation to enter into the Agreement, on terms similar to those outlined above, is based on prior agreements in respect of the supply of Agency Services which TAB Agencies have entered into.

4 Markets

4.1 Markets

Relevant markets include:

- the market or markets for Agency Services; and
- the market or markets for Wagering Services.

4.2 Suppliers and acquirers

Suppliers of Agency Services are providers which operate TAB Agencies.

Tabcorp Wagering is a significant acquirer of Agency Services.

Significant suppliers of Wagering Services, in addition to Tabcorp, are:

- other totalisators;
- on-course bookmakers;
- corporate bookmakers, such as Centrebet; and
- betting exchanges.

Significant acquirers of Wagering Services are:

- members of the general public; and
- bookmakers.

5 Public benefits and detriment

5.1 Introduction

The Australian Competition and Consumer Commission (**ACCC**) has considered the public benefits and detriments associated with collective bargaining in the context of granting authorisation to similar bodies in New South Wales (TAB Agents' Association of New South Wales) and Western Australia (WA TAB Agents' Association Inc) to collectively negotiate with the relevant licensees in those States (i.e. TAB Limited in New South Wales and Racing and Wagering Western Australian in Western Australia) on behalf of their members.

In granting authorisation, the ACCC was satisfied that those collective bargaining arrangements outweighed any public detriment.

The Association submits that similarly, in the instant case, the benefit to the public likely to result from the proposed arrangements would outweigh any detriment to the public likely to result from the conduct.

5.2 Benefits to the public

The ACCC considered, in its 2009 Determination regarding the TAB Agent's Association of New South Wales, that the collective bargaining arrangements there were likely to generate benefits in the form of:

- improved bargaining power for the relevant association members leading to a more efficient allocation of resources;
- improved quality of service; and
- efficiency gains.

Similarly, it is submitted that by collectively negotiating on behalf of TAB Agencies the Association will:

- provide TAB Agencies with greater competitive parity in their negotiations with Tabcorp Wagering and greater input into contract terms to achieve more efficient commercial outcomes; and
- enable TAB Agencies to pass on at least some of the benefits of any more favourable deal negotiated by the Association, in the form of improvements in service levels provided by TAB Agencies, to consumers, and to do so more quickly than would be the case in the absence of the collective bargaining arrangement.

5.3 Detriment

The ACCC found in its 2009 Determination regarding the TAB Agent's Association of New South Wales that any reduced economic efficiency which may have resulted from the collective bargaining arrangements was likely to be mitigated because:

- the arrangements were entirely voluntary;
- the size and composition of the bargaining group was limited to 169 TAB agents in New South Wales; and
- the proposed conduct did not involve any boycott activity.

In addition, the ACCC accepted submissions that the arrangements:

- would not affect the price of wagering services provided to the public given that prices were already regulated by government legislation; and
- would not reduce competition between agents on service levels as they did not restrict agents' ability to compete on service levels to any greater extent than the standard form contract which was used between the relevant Tabcorp entity in New South Wales and agents at the time.

For similar reasons, it is submitted that the proposed arrangements would not result in public detriment:

- the arrangements are voluntary;
- the size of the group is limited to 70 agents;
- the proposed conduct does not involve boycott activity; and
- the arrangements are unlikely to result in higher prices for wagering services, or reduced competition between agents on service levels.

5.4 Tabcorp Wagering Position

The Association has discussed its intention to file a collective bargaining notification with Tabcorp Wagering.

The Association understands that while Tabcorp Wagering does not accept that it has any superior bargaining power in respect of its relationship with TAB Agencies, it considers there may be efficiency gains for both TAB Agencies and Tabcorp Wagering through collective bargaining.

In such circumstances, the Association understands that Tabcorp Wagering does not object to the filing of this Notification. The Association also understands that Tabcorp Wagering will directly contact the ACCC in this respect.
