ANNEXURE A

1. Butler Land Company Pty Ltd (Land Owner) is developing a residential estate known as “Brighton Estate” which is situated in the suburb of Butler, approximately 41 kilometres north of Perth and which is being developed in Stages.
2. Satterley Property Group Pty Ltd (Satterley) has been appointed by the Land Owner as the project and sales manager of the Estate.
3. Satterley submitted a Form G – Notification of Exclusive Dealings for a total of 28 lots in Stages 41E and 61B of the Estate, of which 14 lots were located in Stage 41E. On the 18 June 2013 confirmation was received from the ACCC that the notification had been placed on the ACCC’s public register.
4. Satterley has now identified one additional lot in Stage 41E which it proposed to offer to a selected builder (Builder) to market on the basis that the Builder will construct a residence for a buyer on the House and Land Package Lot.
5. It is proposed that the Builder will be able to market the additional lot (in conjunction with Satterley “house and land packages” on the House and Land Package Lots. It will be a condition of the sale of the additional House and Land Package Lot that buyer enter into a building contract with the Builder. Prime facie, this proposal may amount to third line forcing under the provisions of the *Competition and Consumer Act 2010 (Cth)*.
6. It is proposed that the Land Owner will enter into a put option with Builder whereby should the additional House and Land Package Lot not sold be to a buyer as mentioned in Item 5 above within a specified timeframe the additional Lot will be required to be purchased from the land owner by the Builder.
7. The additional House and Land Package Lot will be provided to the Builder at an affordable price range with the balance of the land being sold at market price. The house and land package market in the Perth metropolitan area is very robust. There are numerous land developers providing a variety of land products, as well as Builders providing dwellings suitable for the first home buyer through to the upper market sector.
8. It is considered that the likely benefit to the public from the proposed conduct will outweigh the likely detriment to the public from the proposed conduct in that the conduct will encourage the Builders to build residences of a high standard and which will meet the Land Owner’s requirements and which are intended to be competitively priced.
9. It is considered that this proposal will not have the effect of substantially lessening competition in the market for residential land and/or building services in Butler or in the vicinity of the Estate given that there are at least 31 residential lots within Stage 41E as well as remnant lots in previous stage releases of the development which will be sold without restriction. Buyers who do not wish to be limited in their choice of builder have the opportunity to purchase another lot (without restriction) within the Brighton Estate or estates in nearby suburbs.
10. Satterley expects that prospective buyers will receive a competitively priced building price for the proposed residence to be constructed on the additional House and Land Package Lot as the Builder can implement economies of scale due to multiple dwellings being constructed in close proximity. The additional lot

will be added to the proposed development of 7 adjoining lots which were included in the ACCC approval as per Item 3 above. The proposal provides for the most affordable house options predominately targeted to the first home buyer, which is beneficial to the community.

11. Satterley and the Land Owner will not receive any fee, commission or other financial reward in relation to the building contracts to be entered into between the Builders and buyers of the House and Land Package Lots.
