Hi Tanya, I can confirm the receipt of your email you sent me on Fri 8th Nov.

With regards to Energy Assured Limited applying for reauthorisation for its scheme to self regulate door to door energy sales undertaken on behalf of electricity and gas retailers which includes an application for the revocation of authorisations A91258 & A91259 and substitution, I am writing to you in support of EAL being reauthorised. I think they do a credible job in managing the door to door space in the energy retail sector and add huge value in the ongoing compliance regulations in Australia across consumer law.
