**Subject:** RE: Application for re-authorisation by LAQ - consultation on interim authorisation request [SEC=UNCLASSIFIED]

Dear Fiona

I have now had an opportunity to review the application and to discuss the matter with Bill Thorburn Chief Operating Officer for Golden Casket.

We do not have any fundamental objections to the interim authorisation however, I note that the scope of the Authorisation has been sought to be expanded to include –

Q 3(b) page 2 - **Authorisation is also sought to negotiate in relation to matters currently not included in agency agreements and matters currently unforeseen**. LAQ does not seek authorisation for members to take collective action in the form of boycotts or otherwise against the Corporation as a means of strengthening their bargaining position.

Golden Casket does not agree that the authorisation should be broader than the current authorisation.

In relation to the question of how Golden Casket has found the experience that Tatts Group/Golden Casket has had to date in dealing with the two bargaining groups, LAQ and Queensland Newsagents Federation. Mr Thorburn comments that the only issues that arise are that there is sometimes duplication in dealing with similar issues and it is not very efficient. Other than that, there are no significant concerns.

I will not be in the office tomorrow but if you wish to discuss please call me on my mobile 0418 199819.

Regards

Rosann

**Rosann De Campo** | Senior Corporate Solicitor

I am in the office Monday, Tuesday, Wednesday and Friday each week.
