I refer to the above third line forcing notification lodged with the Australian Competition and Consumer Commission (the ACCC) on 30 October 2012. The notification has been placed on the ACCC's public register.

Jasmin Solar proposes to offer to supply domestic solar systems for low income households and seniors and pensioners in South East Queensland for \$1 on condition that customers use Diamond Energy as their energy retailer (Diamond Energy will pay Jasmin Solar the Queensland Government Feed-in Tariff).

To assist the ACCC's assessment of this notification, could you please provide the following additional information:

- A description of the key elements of proposed contracts with customers including contract length, any consumer protections (such as hardship protection or access to payment plans), disconnection arrangements and metering arrangements.
- A copy of any proposed standard contract with customers.
- A copy of all promotional or marketing materials for this offer.

Please provide this information and any other information you may wish the ACCC to take into account in its assessment by **16 November 2012**.

A copy of this letter has been placed on the ACCC's public register.

If you wish to discuss any aspect of this matter, please do not hesitate to contact David Hatfield on 02 6243 1266.

Yours sincerely
