Dear ACCC

Thank you for bringing this application for re-authorisation to my attention.

Therapeutic Guidelines Limited is an independent, not-for-profit organisation whose reputation is staked on its publications and the independence of the therapeutic information it provides to clinicians. A strict conflict of interest declaration and management policy for Directors and members of our expert groups is a key factor in maintaining our independence.

For this reason we fully support the changes outlined in section 41.3.1 of the 18th Edition of Medicines Australia's Code of Conduct.

Kind regards

Dr Sue Phillips | Chief Executive Officer
