Subject: DCCC authorisation application - pre-decision conference [SEC=UNCLASSIFIED]

Dear Dr Chadwick (c/o Hannah Ransom),

Thank you for your recent correspondence in relation to a pre-decision conference for the application for authorisation A91410 – A91411 (**Authorisation**).

As you will be aware from Aurizon Network's submissions in relation to the Authorisation, Aurizon Network's primary concern is to ensure appropriate indicators are developed to measure the benefits generated by the Authorisation.

Aurizon Network is now satisfied, as a result of discussions with various participants in the Central Queensland Coal Network supply chain, that appropriate indicators will be developed and implemented without the need for a pre-decision conference.

Accordingly, Aurizon Network respectfully withdraws its request for the pre-decision conference.

Please contact Tristan Barns on 07 3019 2240 if you require any additional information.

Best Regards,

Simon Smart
