**Categories:** Submission

Hi Tess

Apologies for the lateness, WANA's submission on this matter is as follows;

WANA fully supports the proposal of the ACCC for the formation of;

- A committee consisting of equitable representation from Licensees and APRA with an independent chairman,
- The committee to deal with all the matters raised in their recommendations,
- The cost of the committee to be met by a levy on APRA as in effect the costs will be met from fees paid by Licensees\.

WANA supports the proposed committee and independent chairman as it will;

- Provide a more independent ADR system for licensees,
- Result in a more efficient and less costly scheme of dispute resolution,
- Enable the committee to research in other overseas jurisdictions the best practice for dispute resolution.

Regards,
