20 May 2014

Dear Dr Chadwick,

Since submitting the authorisation application from the Victorian Taxi Association (VTA) it has come to our attention that there is one multi-operator co-operative network operating in Victoria in addition to those identified in our application.

The South Gippsland Taxi Service, based in Warragul, is a multi-operator co-operative network and we ask that you consider this business in the scope of the application from the VTA, including in any interim decisions. It is our understanding that our application represents all multi-operative co-operative networks in Victoria.

Attached is an updated version of Figure 1 from page 10 of our original application for your reference.

Again, the VTA will stand ready to provide any information requested in addition to that included in our application.

Yours faithfully

DAVID SAMUEL
Chief Executive Officer

Attachment – Supplementary information, VTA application for authorisation

There are currently 17 service areas which are serviced by 20 multi-operator co-operative networks which would be affected by this authorisation (see below). This application covers all multi-operator co-operative networks in Victoria.

Figure 1 - Impacted service areas with multi-operator co-operative networks
