Dear Dr Chadwick:

Form G Notification of Exclusive Dealing Conduct

We refer to the Notifications recently submitted in respect of the Vision Service Plan (VSP) network of independent eyecare practitioners in Australia.

On November 23, 2012, you received a letter from Kon Stellios on behalf of VSP. As Mr. Stellios indicated in his letter, our network of independent eyecare practitioners is growing. Due to this fact and because the ACCC requires that separate notifications are lodged in respect of each participating specialist, we hereby enclose one (1) Form G Notifications filed by VSP on behalf of the enclosed participating eyecare specialist, corresponding consent letters authorizing VSP to make such notifications on their behalf and a check in the sum of \$100.

For your convenience, we set out in the attached Schedule the person for whom the notification is enclosed.

Please do not hesitate to contact me if you would like to discuss this matter further.

Very truly yours,

Peter N. Lewis
Director

5. Describe the business or consumers likely to be affected by the conduct.
6. State an estimate of the highest number of persons with whom the entity giving the notice is likely to deal in the course of engaging in the conduct at any time during the next year.
7. Provide details of those public benefits claimed to result or to be likely to result from the proposed conduct including quantification of those benefits where possible.
8. Provide details of the market(s) likely to be affected by the notified conduct, in particular having regard to goods or services that may be substitutes for the good or service that is the subject matter of the notification.
9. Provide details of the detriments to the public which may result from the proposed conduct including quantification of those detriments where possible.

Submission

Background

VSP is a vision benefits company based in the United States, which was founded by a group of optometrists in 1955. It offers a range of products and services to eyecare professionals, employers and more than 56 million members.

VSP proposes to expand into Australia, to establish, maintain and promote a network of independent optometrists and eyecare professionals (together, **IECPs**) within Australia. This will assist IECPs to compete against the major optometry services chains such as Specsavers and Luxxotica. VSP proposes to enter into arrangements with major Australian health funds for IECPs who are part of the VSP network to be promoted as Members' Choice providers, and for health fund members to receive discounts from these IECPs.

Notified Conduct

In order to establish the VSP network, VSP will enter into arrangements with participating health funds, who will agree to promote the VSP network (and IECP members within the network) to their members as preferred Members' Choice providers. At the current time, other optometry chains such as Specsavers and Luxxotica are promoted by health funds in a similar manner. No fees or other payments will be payable between VSP and the health funds.

The Participant and other IECPs in the VSP network will provide a discount on the prices that they offer to members of participating health funds. The discount will also be offered to employees of the participating health fund, and immediate family members of those employees.

The Participant and other IECPs will also stock several ranges of 'no-gap' spectacles, which will allow health fund members to acquire spectacles without any 'out of pocket' expenses under their health plans. Claims for the costs of these spectacles and services will be processed through the HICAPS system, which will make claims from VSP network IECPs easy for health fund members. This will increase the volume of customers for IECPs in the VSP network.

VSP has already entered into the arrangements described above with Medibank, which has about 3.8 million members. Those members will receive the benefit of the VSP proposal. VSP may enter into similar arrangements with other health funds in future.

VSP expects that approximately 350 IECPs will, from time to time, be part of the VSP network. Initially, VSP anticipates that participating IECPs will comprise approximately 4 % of the optometry services and eyecare products market by volume and 5.6% by number of outlets. VSP expects that over time, as the VSP network gains traction within Australia, more IECPs will join the network. Some IECPs may

also choose to leave the network at or before the expiry of their arrangements with VSP.

Competition Issues

In Australia, the main suppliers of optometry services and the supply of spectacles to consumers are Specsavers and Luxxotica, which VSP estimates have a national share of supply of around 50% by volume and 30% by number of locations. There are also other small-to-medium sized chains such as The Optical Superstore, Big W Vision, Blink Optical and 1001 Optical. These participants are generally vertically integrated, operating as both retail suppliers as well as engaging in the wholesale manufacture and supply of lenses, frames and lens finishing services. This provides these chains with substantial cost savings through economies of scale.

In addition, the major health funds in Australia (BUPA, Medibank and NIB) promote and actively encourage its members to use the main suppliers, including Specsavers and/or Luxxotica, as preferred outlets. In the optometry industry, health fund members' annual entitlements under their extras cover drive a significant proportion of demand.

The remainder of the industry is made up of IECPs, who are independent optometrists and eyecare professionals, most of whom provide both optometry services and have a small retail optical dispensing business. IECPs occupy about 54% of the outlets in the optometry market, but only comprise 43% of the volume of sales. In addition to having less public exposure than the retail chains (due to the lack of promotion by health funds), these independent operators do not have vertically integrated operations, and operate with higher costs. Some IECPs participate in buying groups for upstream goods and services, which partially offsets their cost disadvantage.

Public Benefits

The VSP network will increase the exposure of IECPs to the public, assisting them to compete with major players like Specsavers and Luxxotica. This will increase the effectiveness of competition in the retail supply of optometry services and eye care products.

Health fund members will receive:

- easier access to alternative optometry services and spectacle providers from the big chains;
- discounts for optometry services and spectacles from IECPs within the VSP network;
- a greater range of spectacles that are 'no-gap' under their health plans.

This gives greater consumer choice to health fund members.

Public Detriments

There are no public detriments from the conduct. Health fund members are free to choose to take up the discount offer from VSP network IECPs, or from the other retail

outlets, including those with which health funds have other relationships. Members are free to go to any optometrist and retail optical dispensing outlet that they choose.

Conclusion

For the reasons set out above, we submit that the Commission should not serve a notice under section 93(3A) of the Competition and Consumer Act in respect of the attached notification.
